Call for a Kelly Convention in New York

NEW YORK, March 30—The Kelly state committee to-night issued a call for a state convention to be held at Syracuse April 20th for the purpose of choosing delegates to the Cincinnati convention. The call invites all democrats and others who are opposed to [illegible] pledge a delegation to the ensuing national convention for the support of any one man but in favor of the nomination of an upright acceptable candidate for president who can unite the democratic party of this state and of the nation to meet and elect delegates to the state convention

NEW YORK, March 30—William H Kemble, ex treasurer of Pennsylvania who is [illegible] to appear in Harrisburg on Monday to receive sentence for bribery left his hotel this afternoon and, stating that he was going home by the four o'clock train entered [illegible] and was driven down town. He had not returned to the hotel at a late hour to-night

Another Point Gained by the Western Union

ST LOUIS, March 30—Under an order [illegible] by Judge Hallett of the U S circuit court at Denver to-day the W. U T Co [illegible] possession of their telegraph lines over the Colorado Central railroad extending from [illegible], Col, to Cheyenne Wy at 6 P M. This gives connection between Colorado points and the east and north as well as the Pacific coast. These were among other W U lines forcibly seized by the Gould interest on the 27th February last, and their restoration to the Western Union is a very substantial gain to that company as the connection is a very important one

The N. Y. Mining Stock Market.

NEW YORK, March 30—The following is an extract from to-morrow's money article in the World: "Although there has been no change for the better in the prices of most of the mining stocks, the market has not [illegible] in activity, and little disposition [illegible] evinced"

Contemptible Littleness.

GALVESTON, March 31—During General Grant's reception at Houston last night the gas was turned off from the street and lamps and candles had to be used. Sunday night [illegible] of the artillery company to be used in a salute on Grant's arrival were spiked but the spikes were removed in time. WASHINGTON CITY

The Paper Tariff

WASHINGTON, March 31—The action of the committee on ways and means in finding [illegible] relation to the duty on paper and pulp [illegible] including a long list of articles is variously commented upon. There seems to have been a majority of the committee in favor of a reduction of duty on paper and it is claimed they have been bulldozed by newspapers [illegible] their judgment, and that high tariff men who did not want this duty reduced resorted to a parliamentary ruse which is known as loading down, and amended it so as to include a large number of commodities

Pending Railroad Matters.

[illegible] committee on railroads has virtually agreed to a bill extending the time for completion of the Northern Pacific railroad but it is handicapped by a similar bill in the interest of the Texas Pacific. Although the interests of the latter will not suffer by a delay of some time its managers thought that it was a good plan to couple their [illegible] with that of the Northern Pacific. [illegible] the managers of the latter do not [illegible] to antagonize the Texas Pacific [illegible], they prefer to have both [illegible] stand upon their own merits. There is [illegible] some of the Northern Pacific people [illegible] their prospects will be injured by [illegible] the Texas Pacific scheme because the Southern Pacific will oppose the granting of any more government favor to its rival

The Freight Line Inquiry.

The house committee on Pacific railroads has directed the sub-committee consisting of [illegible], Newberry and Bliss, to inquire into the contract which has been made between the Pacific Railroad Companies and the Pacific Mail Steamship Company, with a view to ascertaining whether that contract [illegible] in violation of law and whether it is a public disadvantage. Representatives of the companies interested have had considerable correspondence with members of congress since the investigation was proposed and have volunteered to come here and make all necessary statements. Jay Gould, Sidney Dillon, Daniel Huntington, James Keene and other leading men will be summoned

THE BALANCE OF TRADE

Long-Headed Financiers See Trouble Ahead

[SPECIAL DISPATCH TO THE OREGONIAN]

WASHINGTON March 31—There seems to be fear at the treasury and in the minds of some members of congress that there will be a drain of gold from this country before a great many months. There are certainly many indications pointing that way which have hitherto been pointed out in these dispatches. The balance of trade has fallen off nearly a hundred millions since one year ago and returns for March show that imports are steadily increasing while exports are decreasing. Good crops in Europe by the coming harvest would curtail exports of produce or cease to a great extent, and far sighted financiers are anxious that something be done by congress to check the probable flow of gold. Morton of New York who is a banker with a house in London as well as one in this country is one of those who see trouble ahead and says that the remedy is the passage of a law by congress making gold and silver coin interchangeable at their lawful value and authorizing the secretary of the treasury to cause sufficient silver dollars to be coined in order to meet the demand for such interchange. Morton has introduced a bill embodying his views, which has been referred to the committee on banking and currency

THE CALIFORNIA ELECTION

The Count not yet Completed but the Citizens' Ticket Certainly Elected by Near Seven Thousand Majority

[SPECIAL DISPATCH TO THE OREGONIAN]

SAN FRANCISCO March 31—Owing to some mismanagement on the part of some of the election officials the count is not yet complete but the majority of the citizens ticket will not vary much from 6900. It is not decided yet whether the workingmen will contest the election on account of the difference of the ballot paper though the report is that they will. The facts of the case regarding the paper have been ascertained to be that the workingmen procured their paper from the secretary of state while the citizens union obtained theirs from a dealer in the city. There is no evidence that the variation in color was the result of intention. As to a charge of surveillance of voters rendered possible by difference in color of ballots the most charitable hypothesis is that it was merely done to keep run of the voting with a view to anticipating the result in a general way. Whether or not any contest is made the general impression seems to be that nothing will come of it as mere formality will not be allowed to reverse clearly the manifested will of the people

[SPECIAL DISPATCH TO THE OREGONIAN]

PORT TOWNSEND March 31—The steamer *California* left Sitka on the 26th and arrived here at 7 A M to-day. Everything is dull there and no news of importance is reported. The Stuart mine has only been worked eight days since the last trip of the *California* owing to the prevailing cold weather, snow being from 8 to 10 feet deep. Silver bay is frozen clear down to salt water a distance of ten miles, a thing unheard of for many years. All goods have to be transported on the ice. Considerable uneasiness prevailed at Sitka owing to the non arrival of the *California* at her usual time and a canoe was despatched to ascertain the cause, but previous to the return of the canoe the *California* arrived

Murder at Salt Lake

SALT LAKE CITY March 31—Early this morning the watchman at the tithing office discovered a man lying near the entrance of that place with a pistol wound in the back of his head. He was alive but unconscious and died shortly after. There were blood stains from Eagle Gate in front of the Brigham Young Beehive house to where the man was found and the supposition is that he was shot at that place. He was seen early in the evening with two tramps who undoubtedly murdered him for his money. From papers found on his person his name is ascertained to be Geo Wilson Drake of Beatie Marshall Co Kansas

DEMOCRATIC POLITICS IN MARION

SALEM March 31 '80

To THE EDITOR OF THE OREGONIAN

I am not surprised to find that the operators of the democratic convention here on Saturday had sent to the Portland papers the special [illegible] the attendance was large for the season of the year. There were a half dozen precincts without any representation and some ten delegates from the remaining precincts withdrew when they found the character of the convention and its purpose. The denunciation of it by the better class of democrats evinces the estimation in which its proceedings are held. It may have the good effect of bringing [illegible] to the primaries hereafter and preventing them from being disgracefully packed.

ANGELL'S MISSION TO THE CELESTIAL EMPIRE.

He Goes Unhampered by Instructions or any System of Policy

[SPECIAL DISPATCH TO THE OREGONIAN]

WASHINGTON March 30—President Angell of the Michigan University is here awaiting a consultation with the secretary of state with reference to his appointment as minister to China. The secretary first offered Angell the honor of serving as president of the commission to negotiate a treaty with China. This was declined. Then the secretary offered to clothe Angell with full powers of envoy extraordinary which was accepted upon condition that he was not to be hampered by any policy of the administration nor to be instructed as to what terms to offer or accept from China. President Angell insisted upon conforming his official action to his own views of what was just and desirable and to commence an investigation of the Chinese problem without prejudice. These conditions were accepted by the department and he will go to China uncommitted to any policy but prepared to investigate the subject of Chinese immigration thoroughly both in California and in China. His instructions will therefore be nominal. When asked to-day for an expression of his views on the question he is to consider Angell remarked that he had no views and that he should first learn the Chinese alphabet

Another Statement and a More Probable One

The statement made in a former dispatch that a "go as you please" commission is to be given to Angell as minister to China is denied. These assertions are wholly at variance with the theory and practice of our diplomatic service and not credited in Washington. On the contrary both the president and secretary of state intimate very distinctly that the new minister and his associate commissioners will be given positive instructions to do everything in their power to procure restrictions on Chinese immigration to this country and will be instructed to inform the Peking authorities that such is the pronounced desire of our government. The commissioners as implied in their title and by the fact of their appointment will act under instructions of some sort and the minister will serve with them so far as negotiating a new treaty is concerned upon precisely an equal individual footing. This is further evident from the terms of the commissioner's nomination which are as follows

To the Senate of the United States I nominate John F Swift of California and Wm H Trescott of South Carolina to be commissioners to China to consult with the envoy extraordinary and minister plenipotentiary of the United States to that country a commission to negotiate and conclude by treaty a settlement of such matters of interest to the two governments now pending between the same as may be confided to it.

Conkling, Blaine and Washburne

[From the New York Tribune]

Those who assume that Mr Conkling would not heartily support Blaine assume at the same time that he would support Washburne. This would be more embarrassing. Conkling and Washburne quarreled bitterly a long while ago. They have not spoken together for twenty years. If the carrying of New York is to depend upon the personal friendships or enmities of one distinguished political leader then Mr. Washburne who is talked of as the compromise candidate to reconcile all rivalries and animosities is the one man we ought especially to beware of

OUR NAVY

A writer in the April number of Harper's furnishes a timely article on the condition of the navy of the United States. His summary proves that we have no navy worthy of the name. The vessels of which our so-called navy is composed are wooden steamers and sailing vessels of ancient patterns, in their dotage, and a few ironclads actually unseaworthy, protected by plates two to four inches only in thickness and fastened to decaying wood. These vessels are as inferior in equipment and speed as they are in strength to the vessels which compose the modern navies of Europe. As they were built to resist only guns of the small calibre, so their armament is chiefly the old smooth bore cannon which could make no impression on the heavily armored vessels of modern construction. We have nearly if not quite as many miles of railway as Europe and nearly as much commerce, but while she has built more than one million tons of ironclads we have not one fit to cross the ocean or to encounter one of the second-class ships of England. We have in our navy but ninety five ships propelled by steam, with twenty three sailing ships which are now of no account. Of first rate steamships of wood, none of which exceed 5000 tons, we have but four; of second-class steamships of wood and less than 3000 tons we have but four; of third and fourth class wooden steamships below 1100 tons we have but fifty eight; of iron clads of old patterns and inferior strength, ranging from 500 to 2500 tons, but twenty four—ninety in all, mostly unavailable. Such is our navy. The navy either of England, France, Italy, Germany, Holland or even Turkey is strong enough to sweep our shipping from the deep before we could be ready to defend it or retaliate. A strong argument is presented in the article before us to show that this neglect of our navy is the poorest possible economy and may lead at some future time to the most serious and even disastrous consequences.

An investment of ten millions in a navy at the beginning of the present century would have made us strong enough to defend our commerce at sea and prevent the confiscation of our merchantmen and impressment of our seamen, and probably would have averted the war of 1812, which cost us two hundred millions. And it is probable that a gradual investment of thirty millions in a navy prior to the outbreak of the rebellion would have saved most of the ports on the southern coast and shortened the war by two years, effecting an incalculable saving in blood and treasure. It is calculated that American property exposed on the oceans each year amounts to eight thousand millions of dollars, and that we have in our seaboard cities property exceeding four thousand millions more exposed to foreign iron clads, which could levy tribute upon it or destroy it at pleasure. Construction of an efficient navy is really the only method of obtaining insurance upon this vast amount of property. That the present would be a favorable time for beginning the renovation is doubtless true from the fact that we could now avail ourselves of the experience of foreign nations in construction of armored vessels and avoid their costly mistakes. England now has a variety of vessels from which models could be obtained. Speed is the main requirement. Steel for armor is superseding iron, and small armored vessels seem destined to take the place of the gigantic ironclad. It is estimated that such vessels can be built and armed for about $600 000 each. Upon a single armored vessel England has expended over $2,500,000, and she has several which have cost more than $2 000,000 each. Italy has been building two of the largest iron-clads yet constructed—vessels of 10 000 tons each, mounting in turrets four cannon of 100 tons and throwing projectiles of 2000 pounds.

The *New Northwest*, a monthly publication issued at Philadelphia, has an article on the Columbia river, which it calls "a graveyard of ships," at the conclusion of which it says:

> When the Northern Pacific road is finished to Tacoma, either by the circuitous way of the river or straight across the Cascades, the use of this Columbia graveyard as a maritime highway will come to an end.

Here is a paper writing of what it knows nothing. When the Northern Pacific railroad shall have been completed, either by the circuitous way of the river or straight across the Cascades, as it doubtless will be ere many years, it will be found that ships will still enter and depart from the Columbia river, and in greater numbers than now, because the development of the country will make a vast commerce, large part of which will pass in and out by the Columbia river as a less costly route than that by rail across the country to and from Puget Sound. This is the natural and common sense conclusion. Of course Puget Sound will grow in commercial importance. But no number of railways to Puget Sound will close the Columbia river as a maritime highway. Interested parties may speak of the Columbia gateway as a "graveyard of ships," but the fact stands that the channel is not a dangerous one, that few losses have occurred there, and those such only as might have been averted by proper skill and prudence aided by tugs of sufficient power. But it is high time that the commercial men of Oregon had taken hold of this subject. If the state cannot be induced to employ the necessary means, then Portland must do it on her own account. Let us have amended laws relating to pilotage and towage, and tugs of sufficient power at the mouth of the river.

At Aberdeen, Miss., they don't intend to have any schoolmasters except such as believe in the lost cause. The Aberdeen democratic paper publishes a resolution passed by the school board of its county, as follows:

> *Be it resolved*, That it is the opinion of the executive committee that there should no longer be any radical school teacher employed in the capacity of teacher in the county of Monroe, and that the superintendent of education be specially requested to decline giving any radical a certificate as teacher.

This is followed by a card from the superintendent saying that he shall hereafter require every teacher before he is appointed to sign a pledge reading as follows:

> I certify that I have been a democrat and that I will hereafter support the candidate of the democratic party and work with that party.

The Aberdeen democratic paper approves and lauds this performance and declares it in accord with sound democratic party usage and policy.

It is stated that Mr A J Lawrence of Baker, democratic candidate for the legislature, complains that a recent criticism made by this paper upon his course as a former member of the legislature is unfair and unjust. We said that measures of economy and reform had been prevented by this supple servitor of schemes against the public interests. To verify this statement by the course of his example we need look no further than the record made by Mr Lawrence in the session of 1876 on the bill to reform abuses in the state printing. On the last night of the session, by a long course of parliamentary filibustering, he defeated the bill which had previously passed the senate. In whose interest this was done the public may judge. There are few who are likely to imagine that the special activity and adroitness displayed on that occasion were exerted in the interest of the people or the public treasury.

When Sammy boasts that in his checkered career he has trodden in paths of literature which we know nothing of, he may be mistaken. [illegible] not know [illegible] ways in such paths of literature [illegible] feelings and writings [illegible] letters of the secretary of state [illegible] from the school fund and [illegible] the state what [illegible] these are the literary [illegible] which were given him his distinctive fame [illegible] stand as samples of the rest.

P S—We hope you will renew that note of ours as we shall not be able to meet it.

MESSRS MIXER DOZEM & CO

Gentlemen—I send back your testimonial with my signature. I shall always cheerfully recommend your Lead. I consider it not only the best paint ever made but it is also a certain remedy for pains in the back and bunions on the feet. Pleas do not sue me as threatened for that old account for times are very hard.

Respectfully yours J JONES.

MESSRS MIXER DOZEM & CO

Gentlemen—I have put my name to your certificate as instructed. I believe the Lead would even cure consumption and catarrh, you may say so if you wish. Hope you will now let me have some more goods. I have no funds at present but will pay when able. Yours respectfully J SMITH

MESSRS MIXER DOZEM & CO

Dear Sirs—Herewith you will find your testimonial properly signed. I think you might safely add that your Lead is the best thing out for sore eyes and rheumatism. Do not bother me on collection day for my account, as I have no money and shall not be able to get any in for some time.

Yours truly P ROBINSON

MESSRS MIXER DOZEM & CO

Gentlemen—I have signed your paper as requested and would gladly say something even stronger about your Lead if desired. I am sadly bothered by architects and property owners stipulating for other brands, but as you will not supply anything but your owne goods and I am not able to get credit anywhere else I am obliged to make Privateer answer by hook or by crook. I recommend the Lead for my own sake all I can. Respectfully yours C BROWN

MESSRS MIXER DOZEM & CO

Dear Sirs—We are in receipt of your request to give a testimonial to your Lead. We are as you know, responsible men of good standing in our trade and we do not like to commit ourselves to such an endorsement as you desire. As, however, we are under obligations to you for favors thrown in our way we have concluded to waive our objections and return the document herewith duly signed.

Very truly yours SMITH & JONES

MESSRS MIXER DOZEM & Co

Gentlemen—I do not quite approve of the very sweeping nature of your Lead certificate but have put my name to it for old acquaintance sake. I am at present using another brand but shall be gratified when you can offer me a really reliable substitute. Yours truly J BROWN

MESSRS MIXER DOZEM & CO

Dear Sir—I hasten to return your Lead testimonial duly signed. I shall always remember with gratitude the obligations I am under to you and am only too happy to be of any service. I am obliged to use another brand of Lead for finishing our best work, but there is no occasion for the public to know it. Outside of this no goods shall be bought on our road excepting yours so far as I can help it. My rule is to condemn everything which does not bear the M D & Co mark. Thanks for your kind remembrance of the baby.

Sincerely yours W SMITH

Notwithstanding that owing to the great advance in raw material we shall soon be losing heavily upon our Privateer brand of White Lead we still continue to retail it at 6 cents per pound. This is not due to the fact, as has been asserted by [illegible] estimated that were we to attempt to advance our price the Lead could not be sold but it arises entirely from the large hearted liberality and philanthropy for which we have always been remarkable.

Samples of Privateer Lead in comparison with other brands may be seen at our office and in the hands of our agents. Our name is a sufficient guarantee that the samples have been properly selected—namely the very best for ourselves and the very worst for our opponents.

ANALYSIS

San Francisco, Feb 24, 1880

MESSRS. WHITTIER, FULLER & CO

Gentlemen—I have made a careful analysis of PIONEER WHITE LEAD, which I find to be PURE and entirely WITHOUT ADULTERATION. It has great BODY OF COVERING POWER when mixed with Oil, in which it differs from some other samples of Pure White Lead I have examined.

CITY.

COMMITTEE AT WORK.—The committee appointed some time ago to visit the public schools of the city and to examine into the manner in which they are conducted and to report at a public meeting of the taxpayers of Portland, which will be held on the 8th of next July, the result of their investigations, has gone to work in earnest Two of the ladies belonging to the committee have called several times at the North Portland school been present at recitations and noted down their observations Other members of the committee have also visited the Central school The work has been divided and equally apportioned among the several sub-committees, so that the task will be the more easily accomplished It is the purpose of the committee so we are informed to make a thorough and exhaustive investigation of the matter, and be prepared to report clearly and intelligently

SERIOUSLY ILL.—The many friends of the accomplished and popular actor Mr Geo D Chaplin, will regret to learn that he is still confined to his room at the Clarendon hotel, with a severe attack of pleuro pneumonia. Over two weeks ago Mr Chaplin contracted a severe cold while playing in the piece of "Pygmalion and Galatea," which resulted in a most pronounced case of pleurisy with the complication mentioned above For the past ten days he has not been able to leave his room, and has suffered both day and night the most excruciating torture Two physicians are now in attendance on him and his condition is considered quite critical We hope to chronicle his speedy recovery

SUBSTANTIAL TESTIMONIAL.—A correspondent writing from Cowlitz prairie sends the following: "Last Sunday a beautiful meerschaum pipe was presented to Mr J Henriot by the inhabitants of Cowlitz prairie as a token of gratitude for the good and convenient grist mill he erected last fall on the prairie. The presentation of the pipe was the occasion of a social gathering and feast at the house of Mr. Henriot, where all were kindly received by the always good and amiable Mrs. Henriot. The want of a grist mill has long been felt on the prairie and now the people are proud to be able to get at home a good article of flour"

MATERIAL FOR THE LIGHTHOUSE.—At present Messrs. Chalmers & Holmes are engaged in getting out stone for the proposed new lighthouse on Tillamook rock from Jos. Buchtel's quarry, about five miles east of this city. Four teams are employed hauling two loads each per day, which are being deposited on the lot between the ferry landing and Joe Knott's boatyard. Each stone is cut, finished, lettered and numbered for its appropriate place according to the plans and specifications. It will be several weeks before the stone is ready for shipment

ONE'S PARTY.—Willamette's gave a social party last evening at their hall in honor of the lady friends of the company The affair was one of the most delightful of the season. A large company filled the spacious dancing room, which was handsomely decorated for the occasion, and dancing was begun at an early hour and continued with only an intermission till about 2 o'clock. The music was fine, the various committees attentive and efficient, everybody in social [illegible] and pleasure prevailed unmarred throughout."

EXAMINATION TO BE CONTINUED.—The quarterly examination of teachers, (as required by law) which was commenced at the Central school building last Saturday, was continued over until next Saturday forenoon. The class of candidates consists of 14 ladies and two gentlemen. The examination will be held next Saturday at the Park street building, and will be conducted by Mr. Mason, county superintendent, assisted by an examining board.

FALL.—Yesterday while the steamer [illegible] was wooding up at Baxter's wood yard, down the river, a deck hand named Jim Da[illegible] met with a painful accident He was passing wood from the dock to the deck, when a knot on one of the sticks caught his sleeve and threw him upon the pile of wood below, a distance of about twelve feet, bruising and lacerating his limbs and body, although breaking no bones. He was properly cared for.

STREET EXTENSION.—The *Telegram* says a survey for the extension of Fifth street, East Portland, has been made, and which carried into effect, will be a great and important improvement. From the precinct [illegible] it runs east to Ninth street, then [illegible] south, running about eight blocks An extension east from this point will be ordered leading to Twelfth street, and from thence to the bridge beyond the Brooklyn mills. The work should be urged and completed at once.

BRITISH AND GERMAN MONEY ORDERS.—The postoffice in this city some ago received instructions not to issue any British or German money orders on blanks or forms heretofore used after April 1st The office was notified that new blanks would be sent. These blanks have, however, not yet arrived, and therefore no British or German money orders can be issued by the office here till the forms come to hand, of which notice will be given.

ANOTHER AMPUTATION.—Mr T P Powers, who has been at St. Vincent Hospital for some weeks, was compelled to undergo another painful surgical operation last Monday. First it was necessary to amputate his toes, next his foot had to be taken "off" at the ankle, and as the wound refused to heal, about four inches of the limb was amputated. Mr Powers is at present in a precarious condition.

FALSE ALARM.—Last night, a few minutes after 12 o'clock, the big bell gave three taps which threw the department into a state of temporary excitement. Some person had evidently been tampering with the wires for on examination none of the boxes had been opened. Several of the companies came out, but discovering that the alarm was a false one returned to their respective houses

THROWN FROM A WAGON.—Mr M M Baker, a farmer residing in Pleasant Hill precinct, Clackamas county, got thrown from a wagon going home from Portland on the Boon ferry road on Saturday last, and had his left arm broken by the wheel passing over it

BUSINESS CHANGE.—Mr Charles E Tilton withdraws to-day from the banking firm of Ladd & Tilton The business will be conducted under the old firm name by Mr W S. Ladd and his son, William M Ladd

TRINITY GUILD ENTERTAINMENT.

New Market Theater last night contained a large [illegible] and brilliant audience the occasion being a dramatic and musical entertainment under the auspices of the ladies of Trinity Guild The musical portion was short and good The first number, a duet "Excelsior" by Mr ten Bosch and Mr Kindross was on the whole well rendered Both gave their solo passages clearly and correctly and with much feeling but their voices did not blend harmoniously in the concerted parts, except in the final which was given with much spirit. Miss Packard's aria was fairly rendered Mr Kindross sang "Heart Bowed Down" so admirably suited to his rich baritone voice was an [illegible] The deep full round tones of the concluding verse were simply magnificent. Mr Kindross received an enthusiastic encore and responded with a hearty seaman's song Little Lola [illegible] recitation The Hospital Ward was a splendid piece of elocution [illegible] and won an encore to which she responded with a short humorous sketch "The Smack in School" The first part closed with an aria [illegible] by Mrs ten Bosch which was sung with exquisite taste In response to an encore Mrs ten Bosch gave "Sing Sweet Bird" She was the recipient of a very handsome tribute [illegible]

The two act play "Grandfather Whitehead" [illegible] The leading character [illegible] prominent [illegible] is a gray haired looking broken down man who has been [illegible] out of a fortune and whose only happiness is in his grandchildren [illegible] McCraken in the title role showed that he had [illegible] his art, and his splendid acting was greeted with generous applause Little Dot Rivers (she will be remembered as the midshipman's mite in Pinafore) as one of the grandchildren played very intelligently The remainder of the cast was up to amateur standard

FERRIES AND FERRY LANDINGS

PORTLAND Oregon Mar 31 1880

Mr A J Knott—DEAR SIR I having been attorney for John Rines in the late litigation between you and him in which you sought unsuccessfully to appropriate the foot of Oak street in this city as a ferry landing you now ask for my opinion as to the extent to which your ferry rights are affected by the decision of the supreme court in the case referred to The points determined by the said decree are *First* that under the act of the territorial legislature of Jan 17, 1852 you as the grantee of James B Stephens have no right to run more than one line of ferry without license from the county court *Second*, that your right to ferry privileges within the limits of one mile above and below Stark street, was under said act exclusive for ten years only *Third* that you could not appropriate said foot of Oak street as a ferry landing against the will of the owners of the lots adjoining thereto and without authority from the common council of this city The question of your claimed exclusive right to land ferry boats upon the east bank of the river within the limits of James B Stephens' donation land claim, was not before the court and is not involved in that decision I am of the opinion that Knott Bros having succeeded, by deed from Stephens to the ferry rights which he had, under the general law concerning ferries as owner of the land claim upon which the town of East Portland was laid out, including the south half of the Wheeler land claim, bought by Stephens your right to land at the foot of such streets in that town as the council may designate as ferry landings cannot be invaded by third persons, except in the one method provided by law If application should be made by any such third person or party to the county court for ferry license, within the limits of the Stephens land claim you will have to be notified of such application and if the county court considers such proposed ferry a public necessity you will have the first right to the license If you should decline it, then the applicant would be entitled to such license. Yours truly

E. C. BRONAUGH

JAMES VANCE ET AL vs A. R. BURBANK ET EL

The Supreme Court of the United States Affirms the Decision of the U S Circuit Court in the above Case—Brief Statement of the Case.

By reference to the columns of the Chicago *Legal News* of March 20 1880 we observe that the decree of the U S circuit court for the district of Oregon in the above entitled suit has been affirmed by the U S supreme court with costs

The plaintiffs in this suit as the children and heirs at law of Mary Jane Scott deceased the wife of Daniel Scott claimed that they were entitled in equity to recover of the defendants who were very numerous [illegible] acres of land including a portion of the townsite of the town of Lafayette the county seat of Yamhill county Oregon The claim was based upon the alleged facts [illegible] in July 1848 and resided upon it until April [illegible] Mrs. Scott died

After the public survey had been extended over the land [illegible] Scott attempted to include in his notification as a settler under the donation law [illegible] acres [illegible] and that his wife was living on the land with him at the date of the passage of the law he was therefore entitled to take [illegible] as a married man and ought to [illegible] The Surveyor General [illegible] the law and decided adversely to Scott's claim An appeal was taken from this decision to the Commissioner of the general land office at Washington by whom the decision of the surveyor general was affirmed A further appeal was then taken to the secretary of the interior who affirmed the decision of the commissioner

The plaintiffs next instituted this suit alleging that by fraud they had been deprived of a fair hearing in the land department The defendants demurred to the complaint for want of equity and the demurrer was sustained the court holding that Scott did not become known to the law as a settler until he filed his notification and that he being at that time a single man neither he nor his children could take anything by right of his deceased wife and that he therefore could only qualify as a single man on 320 acres of land

The affirmance of this decree by the supreme court of the United States ends the matter and quiets the title of the defendants to much valuable property

PORTLAND
CITY HOMESTEAD.

THE LAND IN THIS ENTERPRISE LIES adjoining the city and is only from ten to fifteen minutes walk from the court house and a less distance than that from one of the best public schools in the city It is divided into

One Thousand and Twenty-Four Lots,

Fifty by one hundred feet in size with streets sixty feet wide Two hundred of these lots will be reserved for those who desire to improve and build this summer and fall These lots will be sold on the same liberal terms that are offered in the Homestead proper

Price.

All lots will be sold for $100 each payable in installments of $5 per month or the small sum of 16⅔ cents per day No interest will be charged and a good and sufficient Bond for Deed will be given upon the payment of the first installment of $5, and a Warranty Deed upon receipt of last installment, both without expense to purchaser

Appreciation of Values.

By reference to *The Oregonian* of Feb 15th, it will be found that city property has advanced twenty five per cent during the past year As there has been no excitement the rise is wholly attributable to the increasing immigration and the growing confidence inspired by our numerous railroad enterprises and the development of our many natural resources that have hitherto slumbered for lack of energetic men to develop them

It is True,

That of all real estate investments the homestead plan is the best and safest as all who invest are interested in making the whole property more valuable To illustrate Suppose A builds a house on his lot and B owns a lot adjoining B gets the benefit of A's improvement while A is not injured thereby This philosophy will apply to the entire property

We have donated a lot to each of the principal churches for church purposes

In addition to the above two lots are set apart for public school purposes

Division.

The division of this property will take place when the lots are all sold or, in any event not later than the

28th February, 1881,

at the Mechanics Pavilion commencing at 10 o'clock A M public notice of which will be given by publication in two principal journals in the state

Telegraphic advices indicate a declining market in Europe and a somewhat firmer feeling in Chicago, while the San Francisco trade, like the local situation appears to be unaffected to any appreciable extent. Buyers here are not urged by any necessities and the lack of anything like a speculative spirit renders the trade rather slow, even millers taking rather sparingly at current rates. Holders generally ask a figure 5 and 10 cents per cental above the views of shippers.

Oats are in better demand and the market is more active owing to an increased call from railroad builders.

Mill feed, hay, etc., are in fair supply and prices unchanged.

Dairy products very dull and prices generally lower.

Wool nominal at 30 and 33 for fair to good, and for extra choice as high as 35c is named. The continuance of cold and wet weather has kept this branch of trade back, and the total movement up to the present time has been light, though a considerable amount has been contracted for at prices varying within the figures above given.

New York Fruit Market.

NEW YORK, March 31.—Foreign fruits quiet; raisins firm at last quotations; prunes in fair demand, prices steady although stocks are excessive; other fruits unchanged; dried apples in good demand, prices firm; state sliced, 7@9 quartered 7¾@8¼; evaporated, 12¼@14¾; plums in fair demand, state, 16@15¾.

Pork—$10 90 May.

NEW YORK MARKET.

NEW YORK, March 31.

Hops—Good demand.

PHILADELPHIA WOOL MARKET.

PHILADELPHIA, March 31.

Wool—Firmly held at 60c.

Beerbohm.

LONDON, March 31.—The market for floating cargoes is quite of a holiday character, being depressed by advices from America. Mark Lane wheat is about 1s per quarter cheaper. Average No. 2 Chicago spring is quoted at 49s per quarter, red winter 52s. Good cargoes Cals. off coast, per 500 lbs, 50s@52s 6d; Wheat arrivals off coast for orders moderate. Imports of wheat into the United Kingdom during the last week, 135,000@140,000 quarters; of flour, 20,000@30,000 bbls. Weather in England favorable for the growing crops. DR. PAUL M. BRENAN

The Most Successful Physician on the Pacific Coast.

IN THE TREATMENT OF ALL

CHRONIC AND DIFFICULT DISEASES.

DR. BRENAN WILL GUARANTEE TO CURE any form of disease of the generative organs or private disease.

He has become an expert in the treatment of disease, weakness and derangement of the reproductive organs of both male and female, including diseases caused by the

FOLLIES OF YOUTH,

Such as SPERMATORRHŒA, or SEMINAL WEAKNESS or LOSS OF PERFECT VITALITY. Nearly two thirds of all the Chronic Diseases are due, either directly or indirectly, from some derangement of the sexual system, and yet this subject is neglected by the majority of the Medical Profession.

I know that persons who are unfortunate enough to be afflicted by any form of sexual disease have a delicacy in calling upon the proper physician in time, from a sense of modesty and sometimes from ignorance, and permit those diseases to exist until their constitutions become corrupted, their organization broken down and the hope of future happiness blighted, until death becomes a welcome messenger to carry them out of their miserable existence.

Everything strictly confidential under all circumstances.

Lost manhood perfectly restored.

Catarrh, Bronchitis, Throat Diseases, Skin Diseases, Rheumatism, Kidney Complaint and all Diseases of the Eye and Ear, Stomach and Bladder, he can cure without fail.

Consultation free, and a list of printed questions sent to those living at a distance who cannot consult him personally. Enclose postage stamp for list.

DR. C. McLANE'S

CELEBRATED

LIVER PILLS,

FOR THE CURE OF

Hepatitis, or Liver Complaint

DYSPEPSIA AND SICK HEADACHE

Symptoms of a Diseased Liver.

PAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged.

AGUE AND FEVER.

DR. C. McLANE'S LIVER PILLS, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL.

For all bilious derangements, and as a simple purgative, they are unequaled.

BEWARE OF IMITATIONS.

The genuine are never sugar coated.

Every box has a red wax seal on the lid, with the impression DR. McLANE'S LIVER PILLS.

The genuine McLANE'S LIVER PILLS bear the signatures of C. McLANE and FLEMING BROS. on the wrappers.

Insist upon having the genuine DR. C. McLANE'S LIVER PILLS, prepared by Fleming Bros., of Pittsburgh, Pa., the market being full of imitations of the name *McLane*, spelled differently but same pronunciation.

SCROFULA.

Wonderful Cure of Blindness.

D. RANSOM, SON & CO.: For the benefit of all troubled with Scrofula or Impure Blood in their systems, I hereby recommend King of the Blood. I have been troubled with Scrofula for the past ten years, which so affected my eyes that I was completely blind for six months. I was recommended to try King of the Blood, which has proved a great blessing to me, as it has completely cured me, and I cheerfully recommend it to all troubled as I have been.

DRY GOODS!

The year 1880 promises, from present indications, to be the most prosperous season Oregon has experienced since its admission to the family of States. Immigration will pour in, railroads will be built, bridges erected, and localities hitherto inaccessible will be connected with the business centers and distributing depots of the State. This will augment business and require large supplies of merchandise to meet the changed condition of things.

We have anticipated the increased demand that will spring up for all classes of goods, and our purchases of

ASSIGNEE'S SALE. IN RE OREGON IRON Works, bankrupts. In Bankruptcy. By virtue of an order of the Honorable District Court of the United States for the District of Oregon, made on the 26th day of February, 1880, the undersigned Assignee of the "Oregon Iron Works," a corporation bankrupt, will, on Thursday, the 29th day of April, 1880, at 10 o'clock A. M. sell at public auction on the premises at Albina, opposite Portland, Oregon, the following described real and personal property, belonging to said estate, to wit: That valuable property known as the "Oregon Iron Works" consisting of River Lots Nos. Sixteen (16), Seventeen (17) and Eighteen (18), situated in the town of Albina, Multnomah county, Oregon, together with the wharves, buildings, fixtures and movable machinery and tools pertaining thereto. The Iron Works are the most complete and best fitted up with first-class machinery and conveniences of any north of San Francisco, and comprise a first-class machine shop, together with pattern shop, blacksmith shop, moulding room and storage building, and a first-class foundry, newly built, with new machinery, with the latest improvements. The Works are fitted with machinery adapted to the turning out of the heaviest kind of work. The stock of patterns is very extensive and valuable. The blacksmith shop is provided with a large steam hammer and every convenience. The buildings are well and substantially built, conveniently located on the river, with wharves connecting main buildings and boiler shops with the river. These works have facilities for turning out machinery of all kinds superior to any shop north of San Francisco, as they are fitted with large planer, boring mill and machinery of large calibre, all set on solid masonry. Also a large assortment of bar iron and steel, boiler plate, boiler tubes, rivets, tube expanders, tools of all descriptions, brass fittings, steam gauges, etc., etc. The above described property is to be sold as a whole. Said sale is to be made for gold coin in hand, free from all judgment or other liens. For a detailed description of machinery, etc., connected with the Works, apply to Gilman & Co., Auctioneers, No. 42 First street, or the assignee No. 111 First street, Portland, Oregon.

YOUNG MEN

WHO MAY BE SUFFERING FROM THE effects of youthful follies or indiscretion, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. DR SPINNEY will guarantee to forfeit $500 for every case of Seminal Weakness or private disease of any kind or character which he undertakes and fails to cure.

MIDDLE AGED MEN.

There are many at the age of thirty to sixty who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits a ropy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of a thin milkish hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.
